SPEND SUMMER IN NORTHERN IRELAND

This summer give your child the opportunity to learn English , meet new friends and explore Northern Ireland. Through fun and dynamic English lessons and social activities, we aim to inspire and to ensure their experience is enjoyable and unforgettable.

WELCOME TO FOYLE INTERNATIONAL

As Northern Ireland's longest established English Language school, we have been providing English courses since 1990.

We run dedicated Junior Summer School courses at our school in Derry, Northern Ireland for young learners throughout July and August.

We aim to provide Educational Tourism to our students; improving their English language skills with a focus on learning about local culture, exploring the region and applying skills learned inside the classroom to real life scenarios.

At Foyle International, the needs of the student are paramount, and respect and understanding are central to our ethos. We will do everything we can to ensure that your child will receive the best of Irish hospitality and that their classes are highly productive and enjoyable.

OUR CLASSES

Our overarching themes for Summer 2026 are
Global Citizenship and Wellbeing

The aim of our Summer School is simple: to provide a setting and curriculum that encourages the development of the whole person. It helps students, irrespective of their ethnic, religious or cultural backgrounds, to develop linguistically *and* socially, and to have fun while doing so!

The programme has two complimentary strands - an **English Language Module** and a **Social Activities Module**. The overall themes and learning objectives of the summer school programme run throughout both modules which complement each other.

PROGRAMME AIMS:

- Encourage the development of important **language and social skills**
- Provide a **safe environment** for students to take on challenges and make the most of the learning opportunities offered to them
- Encourage the **creative use of technology** for learning and problem solving
- Promote a sense of **global citizenship** and shared responsibility
- Support **positive relationships** within the school and wider community

LEARNER CENTRED

Our Junior Summer School provides students with the opportunity to learn and practise English in an authentic, learner-centred way. Quality tuition delivered by experienced and enthusiastic teachers, combined with a thoughtfully planned syllabus, allows students to develop their target skills in a supportive and nurturing environment.

GLOBAL CITIZENSHIP & WELLBEING

We provide opportunity for all of our students to learn in the way that best matches their learning style and personal interests. Weekly, culturally-themed projects are engaging and relevant, with the use of technology encouraged in support of learning both inside and outside the classroom.

LANGUAGE DEVELOPMENT

Our courses help improve language skills, promote autonomous learning and provide each student with the skills to think creatively and critically while all the time building positive social relationships. Classes provide the maximum opportunity for learners to speak and produce the English language, to develop confidence and, most importantly, to be part of a fun, positive learning experience.

Classes focus not only on academic achievement, but on the development of the person as a whole.

SOCIAL PROGRAMME

The social programme is lead by a designated group of **Foyle Social Co-ordinators**. Activities take place in the afternoons or evenings.

There are a mix of cultural, creative, social and sport activities throughout the week.
